## The Education Foundation of Canyon ISD Looks Forward to a Stellar Year

Fall has arrived and the Education Foundation of Canyon ISD has moved into full swing generating funds that will have a direct impact on the students of Canyon ISD. Through contributions from community businesses, individual donors and fundraisers, the Education Foundation is able to fill some gaps where state funding stops.

“Our vision is simple...to generate and distribute resources that provide enhancements for excellence in education to CISD”, according to Tana Miller, Education Foundation President. “With a board made up of parents, alumni, business and civic sectors of the community, we have a governing body that embraces this vision and fulfills it with passion.”

Enhancements in education include helping pay for teaching tools, leadership grants and scholarships. This Fall alone, the Education Foundation provided over

\$4,100 in teacher start-up funds for new educators in the district.

Classroom, Department and Special Grants are larger amounts to be awarded to staff with goals for program improvement on a grander scale. Since its inception in 1999, the Education Foundation has awarded over \$500,000 in teacher/staff grants for classroom enhancements and professional development.

None of these contributions could be possible without community partners or individual donors, including the Canyon ISD employees themselves!

As a 501(c)(3) organization, all contributions are tax deductible.
